EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael J. Ure on December 6, 2004.

The application has been amended as follows:

- a. amend the specification as follows:
 - i. p. 13, line 21, replace "(Attorney docket No. PHA 23,169)" with "now U.S. Patent No. 5,959,536";
 - ii. p. 13, line 30, replace "(Attorney docket No. PHA 23,492)" with "now U.S. Patent No. 6,199,136";
- b. cancel claim 10; and
- c. replace claim 1 with the following:
 - 1. An information processing system comprising:
 - a first physical component having at least a first property;
 - a second physical component having at least a second property;
 - a third physical component having at least a third property;
 - wherein:

the first property includes a plurality of routes,
at least one route of the plurality of routes being provided for
altering the second property, and
at least one other route of the plurality of routes being provided for
altering the third property, and
an instruction that alters the first property includes an identifier that
selectively enables one or more routes of the plurality of routes to thereby enable
altering the second property and the third property independently; wherein
each of the first, second, and third physical components are each
represented by corresponding first, second, and third software objects, and
changes to the first, second, and third properties are effected via software
calls to the corresponding first, second, and third software objects.
